

RE: Dodd-Frank Act Section 1502 – Conflict Minerals

To Whom It May Concern,

The Conflict Minerals Provision of the Dodd-Frank Act (Section 1502) directs certain manufacturing companies to disclose their use of the four identified conflict minerals: gold, tin, tungsten, and tantalum.

Roseburg Forest Products is not subject to this provision. After a comprehensive review of the criteria against our products and processes, we have come to these two main determinations:

- Roseburg, as a privately held company, is not subject to the Dodd-Frank Act.
- Further, Roseburg has verified internally and with our supply chain that none of the specified conflict minerals are “necessary to the functionality or production” of our finished products.

For more information on the Dodd-Frank Act you can go to:
