

## **Roseburg Forest Products is a Sponsor of *Professional Builder's Show Village Traditional Home* at IBS 2015**

*Modular Homes Showcase Manufacturers' Products in a Fully Furnished Setting*

**Dillard, OR (October 24, 2014)** — When attendees of the International Builders' Show, to be held January 20-22, 2015, in Las Vegas, exit the Las Vegas Convention Center and step into *Professional Builder's Show Village* in the convention center's parking lot, they will be able to take a personal tour of four modular residences to view products at work in a real-life setting.

Roseburg Forest Products, headquartered in Dillard, Oregon, is one of the participating sponsors of the Show Village traditional home, and the provider of the home's RigidCoat® water-repellant underlayment, RigidLam® LVL engineered wood products, and RFPI® joists.

The 2,468 sq.ft, two-story traditional Park City home has three bedrooms plus an office, and features a fireplace in the living room and master bedroom, a Serenity tub with LED lights, and oak flooring. In addition to the Roseburg products, the home's dual-pane low-E windows, Tyvek ThermaWrap R5.0 continuous exterior insulation, ENERGY STAR appliances, and ductless heating and cooling all add up to high efficiency.

Show Village also features a 2,046 sq.ft home, a 600 sq.ft Ultimate Kitchen with bedroom and living quarters, and the BASF BEYOND.High Performance Net Zero Home, all built by Spanish Fork, Utah-based Irontown Homes. The company has built modular homes for more than 25 years.

*Professional Builder's Show Village* has an 18-year tradition of offering home builders the opportunity to view products in a real environment, and to network with their peers and sponsors during the nightly Show Village "block parties."
