Sustainable Forestry Policy Roseburg Forest Products

Roseburg Forest Products (Roseburg) is committed to implementing and achieving conformance to the Sustainable Forestry Initiative® (SFI®) Standard (2022 Edition) and the Program for the Endorsement of Forest Certification (PEFC™) Chain of Custody Standard to broaden the practice of sustainable forestry. Roseburg communicates this policy throughout the organization and our partners in the forestry community.

Roseburg promotes scientific, environmental, social, and economic sustainable forestry practices to meet the needs of the present without compromising the ability of future generations to meet their needs. This is accomplished by promoting a land stewardship ethic that integrates reforestation, growing, and harvesting of trees for useful products with the conservation of soil, air and water quality, biological diversity, wildlife and aquatic habitat, recreation and aesthetics.

Roseburg adheres to all applicable federal, state and local laws and regulations, including forestry, environmental, and labor laws, and takes appropriate steps to comply, such as implementing water quality Best Management Practices (BMPs). Roseburg Forest Products is also committed to recognize and respect the rights of Indigenous Peoples, and shall comply with social laws, such as those covering civil rights, equal employment opportunities, workers' rights to organize and occupational health and safety.

To implement and achieve the SFI® and PEFC™ Standards, Roseburg has developed, adopted, and updated programs and procedures to guide its wood sourcing, processing and product sales activities. These programs and plans are contained in the SFI Evidence Manual, the SFI Forest Management Plan and Program and other documented procedures.

Roseburg shall annually assess the effectiveness of its Sustainable Forestry Policies, Programs, Systems and Procedures to continually improve and broaden the practice of sustainable forestry and to increase the professionalism of the forestry community.
